ABOUT US

Sun and sky established in 2015 and based in Abu Dhabi, is built solely on trust of quality. Dedication, Expertise and Professionalism are the corner stones of our management policy. Teaming highly skilled employers with years of experience in their fields, sun and sky was created with the dream of delivering the best services to our clients; with quality being is first and foremost priority. Clarity, consistency and steadiness of purpose are the grounds of our performance. For us the sky is the limit. We prize honesty in the work we do and believe in developing a bond of trust with the client. Empowering our staff, giving them a comfortable working environment and developing the power of team work. We pride ourselves on our ability to work smartly and efficiently we value customer satisfaction and fulfillment of our customers and aim to deliver the best quality at a reasonable price and time. Teaming up with highly skilled employees with years of hand on experience in their fields, Sun & Sky Launched with thoughtful aim of delivering best services in an exemplary angle. We are always at your services with the highly professional staff such as technicians, supervisors with ample experiences and knowledge Safety is our first priority in our work, not only in our employees but also for our customers. We are giving priority to the client's interest and needs. Our past experiences and expertise as maintenance contractors, our services extended all over United Arab Emirates for both commercial and residential. Our highly experienced professional staff carried out all our works and as a company our motto is Customer Satisfaction via Professional Quality of work. We pride ourselves on being competitive on price without it impeding on quality

CEO's Message

We at Sun & SKY Electromechanical & Contracting LLC are equipped with the technical and organizational efficiencies needed to help Client to fulfill their ambitious electro- mechanical and infrastructure engineering requirements. QUALITY POLICY

QUALITY POLICY STATEMENT

SUN & SKY ELECTROMECHANICAL & GENERAL CONTRACTING LLC. firmly believes that our systemic and business processes, professionally followed and well accomplished by our enthusiastic staff, clearly indicates our care and continuance in providing high levels of our quality works, customer service and customer satisfaction.

SUN & SKY. strives to consistently providing quality engineering with reliable and efficient maintenance services, subject to total compliance on all its requirements, and where possible exceeds the expectations of our customers.

SUN & SKY. focuses on training and development of its personnel through flexibility and adaptability to service the overwhelming transforming business environment, by innovative working techniques and continuously improve the efficacy of our design and building management systems.

We will ensure that all our staff having good knowledge and understanding of our quality objectives, working towards meeting the system requirements, and committed to developing processes and promoting new ideas.

To address and achieve and ongoing progress in quality service and customer satisfaction, SUN & SKY MEP ENGINEERING LTD. will maintain, review and revise its quality objectives and targets annually

SUN & SKY. will conduct quality audits and reviews on all operational activities at least once a year, and will allocate human, financial and other recourses appropriately in order to achieve targeted results.

Currently, SUN & SKY. is committed with established quality management system, both administrative and operational, to work towards continuous improvement on its quality performance.

ENVIRONMENTAL MANAGEMENT POLICY STATEMENT

SUN & SKY. aims at preserving the environment for our future and provides its support to free the planet from CFCs. We will identify and better manage our environmental risks and opportunities.

SUN & SKY. closely observes and works with employees, clients, suppliers and other related organizations to upgrade our enduring operational strategies and working procedures to best practice standards.

SUN & SKY. prime target operationally is to eliminate our negative environment impact by whatever possible minimizing the wastage, and prevent the usage of environmentally unfriendly products, while endeavoring to maximize our positive environmental impact and better living conditions.

We will keep up and maintain the environment around us clean and safe, and regularly monitor, raise alarm and respond to any hazardous environmental situation observed.

SUN & SKY. ensures that its activities will always comply with the Government's Environmental Policy, follow and maintain them in all our administrative, operational, logistics and site areas of our projects.

SUN & SKY. affirms that all managerial and supervisory staff are accountable for environmental performance in their area of responsibility.

HEALTH AND SAFETY POLICY STATEMENT

SUN & SKY. firmly believes in the significance of health and safe working practices of our employees, as it forms the fundamental part of the effectiveness and efficiency of our management. Furthermore, as an organization and the employer, we do acknowledge our commitment, so far as is reasonably, in ensuring for the health and safety of our employees, public health and not to endanger our environment.

SUN & SKY. recognizes that in our duties and responsibilities to our employees, the foremost requirement is providing and maintaining hygienic conditions, healthy environment and safe work practices in addition.

We also comprehend the relationship between efficiency and safety in terms of cost control, losses, ill health and the lost time injuries due to accidents and near misses. Every managerial and supervisory staff shall apply the organizations safety policy and all legislative provisions in their areas of control and execute all reasonably practicable measures to provide a healthy and safe working environment.

We also consider that every employee in our organization has an individual responsibility ensuring strict adherence to company's and all legislative safety requirements and it is their obligation working with the management in maintaining good standards of Health & Safety.

Furthermore, Sun & Sky. will conduct induction program and provide training and instruction to enable employees to carry out their duties in a safe and efficient manner, and as well make all necessary devices and protective equipment issued and supervise

its use as required and will involve staff on all discussions to improve Health & Safety.

SUN & SKY. will ensure effective consultation and co-operation with persons of other organization where both party's works involved on the same area, where either party's operations may affect either organization's employees.

To ensure effective implementation of this policy, We will make adequate financial, human resources available, with a review of the policy annually and the Management systems every six months carrying out audits to ensure compliance with the policy.

Our statement of general policy is:

- To provide adequate control of the health and safety risks arising from our work activities
- To consult with our employees on matters affecting their health and safety
- To provide and maintain safe plant and equipment
- To ensure safe handling and use of substances
- To provide information, instruction and supervision for employees
- To ensure all employees are competent to do their tasks, and to give them adequate training.
- To prevent accidents and cases of work-related ill health
- To maintain safe and healthy working conditions; and
- To review and revise this policy as necessary at regular intervals.

All employees have to:

- Co-operate with supervisors and managers on health and safety matters.
- Not interfere with anything provided to safeguard their health and safety .
- Take reasonable care of their own health and safety and report all health and safety concerns to an appropriate person.
